INDEX TO VOLUME 27

A

Acceptance of foods and changes in adequacy of diets consumed, 393
Acidosis, production of, in premature infants by protein milk, 43
Adrenal gland, hemorrhage in; Waterhouse-Friderichsen syndrome, 281
Aegerter, E. E., and High, R. H., 343
Aldrich, C. Anderson, Sung, C., Knop, C., 428
—, —, —, Stevens, G., and Burchell, M., 89
Allergic child in camp, 75
American Academy of Pediatrics:
  governmental-professional relationships, problem of, 291
  news, 499
  news and notes, 87, 205, 298, 390, 499, 616
  report of committee on geographical distributions, 295
    meeting of executive board, 174
    treasurer, 383
  Thomas Benton Cooley (1871-1945), 497
American public health association, 621 (B. Rev.)
Anderson, John A., 68
Anemia of newborn, 265
Antibody reaction, heterophile, in infants and children, 540
Antiserum, treatment with, of acute laryngitis caused by hemophilus influenzae, 572
Arachnodactyly—unusual complication following skull injury, 583
Asphyxia neonatorum, use in, Greenberg modification of Flagg laryngoscope, 602
Atresia, congenital, of esophagus, surgical treatment of, 456

B

Bashinsky, Leo, 448
Behavior problems, avoiding, 363
Blair, Ruth, Greider, M., and Roberts, L. J., 393, 410
Blatt, Maurice L., Kern, M., and Kortuem, C. M., 71
Blattner, Russell J., Heys, F. M., and Harrison, M. L. K., 207
—, and Sung, C., 579
Blood and urinary excretion studies before and after dietary improvement, 418
Bloxsom, Allan, 447
Bone growth in congenital myxedema; use of serial roentgenograms of os radius in diagnosis and regulation of therapy during infancy, 229
Book reviews:
  Control of communicable diseases, 621
  Introduction to group therapy, 620
  Physiology of newborn infant, 620
Brennemann library, Joseph, 84
Bridge, Edward M., and Holt, L. E., Jr., 299
Brockway, George E., and Jacobs, M. H., 273
Brooksaler, Fred, 442
Brown, Willis E., and McIntosh, C. B., 323
Burchell, Margaret, Aldrich, C. A., Sung, C., and Knop, C., 89

C

Calcium and phosphorus, metabolism and clinical findings as influenced by certain feedings in rickets, study of, 521
Camp, allergic child in, 75
Cardiospasm in newborn, 565
Carman, Gordon A., Schapiro, I. E., and Walden, A., 288
Carr, Jesse L., 1
Ceballos, Alfredo, Frank, T. V., and Simpson, W. F., Jr., 281
Child, allergic, in camp, 75
  congenitally hypothyroid, generalized vaccinia and probable induced thiamine deficiency in, 595
Children and infants, diagnosis and management of severe infections in: review of experiences since introduction of sulfonamide therapy; IV. pneumococcus meningitis, 115
  heterophile antibody reaction in, 540
  comparative study and significance of tuberculin patch and Mantoux tests in, 245
  in an institution, results of providing a liberally adequate diet to, 393, 410, 418
  prevention of rheumatic recurrences in, by use of sulfathiazole and sulfadiazine, 516
  prognosis in acute glomerulonephritis in, 453
  salicylate therapy in rheumatic fever in, 59
  spinal cord tumors in: study of three cases of ependymoma, 315

Chorea in Negro race, 554
Clemens, Harry H., 267
Cohn, David J., Lawrence, G., and Gerstley, J. R., 521
Comment, 206, 504, 622
Communicable diseases, control of, 621 (B. Rev.)
Control of communicable diseases, 621 (B. Rev.)
Cooley, Thomas Benton, 497
Correspondence, 198, 618
Crying of newly born babies, 89, 428

D

Daniel, W. A., Jr., 554
Darrow, Daniel C., da Silva, M. M., and Stevenson, S. S., 43
Davies, John A. V., and Hutchins, G., 505
Davis, Joseph H., and Faber, H. K., 453
Diagnosis and management of severe infections in infants and children: review of experiences since introduction of sulfonamide therapy; IV. pneumococcus meningitis, 115
Diamond, Jerome, and Sennott, J. S., 540
Diet, liberally adequate, to children in institution, results of providing, 393, 410, 418
Diphtheria, percutaneous immunization against, 334
Diseases, communicable, control of, 621 (B. Rev.)
Docter, Jack M., 327

E

Edema with hypoproteinemia due to congenital defect in protein formation, 241
EMIC program, problem of governmental-professional relationships, as seen from experience under, 291
Ependymoma, study of three cases of: spinal cord tumors in children, 315
Erratum, 382
Erythema exudativum multiforme (Hebra) —bullous type, 465
Erythroblastosis fetalis, 353
  hemolytic disease of newborn, 249
  kernicterus: neurological sequelae of, 327
  neurological sequelae of: kernicterus, 327
Esophagus, surgical treatment of congenital atresia of, 456
Executive board of American Academy of Pediatrics, report of meeting of, 174

F

Faber, Harold K., and Davis, J. H., 453
Feedings, certain, in rickets, study of calcium and phosphorus metabolism and clinical findings as influenced by, 521
Ferris, Benjamin G., Jr., and Neuhauser, E. B. D., 589
Fischer, Golda, and McClure, L. E., 436
Fletcher, Mary W. Critz, and Harris, R. C., 465
Foods and changes in adequacy of diets consumed, acceptance of, 393
Frank, Thomas V., Simpson, W. F., Jr., and Ceballos, A., 281
Freud, Paul, Rhodes, A. W., and Weisz, A., 591

G

Galactosemia with hepatic damage, 338
Gerstley, Jesse R., Cohn, D. J., and Lawrence, G., 521
Glaser, Daniel F., 560
Glaser, Jerome, 75
Glaser, Kurt, and Lawrence, G., 492
Glomerulonephritis, acute, in children, prognosis in, 453
Glucose, saliva, quantitative study of, 71
Glycogen storage disease; observations on pathologic physiology of two cases of hepatic form of disease, 299
Gold, Harry, 546
Goldstein, Hyman, 245
Governmental-professional relationships, problem of, 291
Greenbaum, Jerome W., and Schick, B., 241
Greenberg, Lester J., 602
Greider, Marjorie, Roberts, L. J., and Blair, R., 393, 410
Gropper, Easton M., Lamanna, C., and Stewart, C. A., 595
Growth charts for use in pediatric practice, 215
  in weight and height, 410

H

Handelman, N. I., and Rotondo, C. C., 576
Harris, Ruth C., and Fletcher, M. W. C., 465
Harrison, Mary Lou K., Blattner, R. J., and Heys, F. M., 207
Hartmann, Alexis F., Love, F. M., Wolff, D., and Kendall, B. S., 115
Heart disease, rheumatic, with associated meningoencephalitis, 343
Height and weight, growth in, 410
Hemophilus influenzae, treatment with antiserum of acute laryngitis caused by, 572
  type F, meningitis caused by, 567
Heys, Florence M., Harrison, M. L. K., and Blattner, R. J., 207
High, R. H., and Aegerter, E. C., 343
Holt, L. Emmett, Jr., and Bridge, E. M., 299
Home, early period at; crying of newly born babies, 428

Horstmann, Dorothy M., 235
Hutchins, Gretchen, and Davies J. A. V., 505
Hypoproteinemia due to congenital defect in protein formation, edema with, 241

I

Immunization, percutaneous, against diphtheria, 334
Infancy, use of serial roentgenograms of os radius in diagnosis and regulation of therapy during; bone growth in congenital myxedema, 229
Infant, allergic, penicillin therapy of staphylococcus aureus hemolyticus infection in, 436
feeding, further records of self-demand schedule in, 109
newborn, cardiospasm in, 565
hereditary skin defect in, 591
physiology of, 620 (B. Rev.)
with cleft palate, obturator (acrylic) for, 288
staphylococcus albus hemolyticus meningitis in, 267
Infants and children, diagnosis and management of severe infections in: review of experiences since introduction of sulfonamide therapy; IV. pneumococcus meningitis, 115
heterophile antibody reaction in, 540
newborn, penicillin locally in eyes of, to prevent ophthalmia neonatorum, 447
newly born, crying of, 89, 428
penicillin treatment of pneumococcus meningitis in, 505
premature, production of acidosis in, by protein milk, 43
treatment of acute suppurative parotitis in, 589
Infections, in infants and children: diagnosis and management of, 115
Institution, results of providing a liberally adequate diet to children in, 393, 410, 418
Introduction to group therapy, 620 (B. Rev.)

J

Jackson, Robert L., and Kelly, H. G., 215
Jacobs, Martin H., and Brockway, G. E., 273
—, Taran, L. M., and Krautman, B., 59
Jordan, Robert G., Jr., and Turner, J. R., 572
Joseph Brennemann library, 84

K

Kaposi's varicelliform eruption, etiology of, 207
Kappes, Marion, 84
Kelly, Helen G., and Jackson, R. L., 215
Kendall, Barbara S., Hartmann, A. F., Love, F. M., and Wolff, D., 115
Kern, Maximilian, Kortuem, C. M., and Blatt, M. L., 71
Kernicterus: neurological sequelae of erythroblastosis fetalis, 327
Knop, Catherine, Aldrich, C. A., and Sung, C., 428
—, —, —, Stevens, G., and Burchell, M., 89
Kortuem, Cecelia M., Blatt, M. L., and Kern, M., 71
Kraft, Ruth, M., Trainham, G., and Pilafian, G. J., 97
Krautman, B., Taran, L. M., and Jacobs, M. H., 59

L

Lam, Conrad R., 456
Lamanna, Carl, Stewart, C. A., and Gropper, E. M., 595
Laryngitis, acute, caused by hemophilus influenzae, treatment of, with antiserum, 572
Laryngoscope, Flagg, Greenberg modification of—its use in asphyxia neonatorum, 602
Lawrence, Grace, Gerstley, J. R., and Cohn, D. J., 521
—, and Glaser, K., 492
Leonard, Martha F., 249
Leslie, John T., 265
Litchfield, Harry R., 353
Love, Frances M., Wolff, D., Kendall, B. S., and Hartmann, A. F., 115
Lupus erythematosus, acute disseminated, with seven-year recovery, 235
Lyon, R. A., Wolf, R. E., and Rauh, L. W., 516

M

MacLaggan, James, Mellinkoff, S., and Roth, B., 338
Mantoux tests, tuberculin patch and, comparative study and significance of, in children, 245
Maryland, counties of, program for medical care of medical indigent in, 384
McCammon, Robert W., and Woolley, P. V., Jr., 229
McClure, Laura E., and Fischer, G., 436
McIntosh, C. Berkeley, and Brown, W. E., 323
McLendon, P. A., and Simsarian, F. P., 109
Mecholyl bromide, treatment of congenital megacolon with, 484
Medical care of medical indigent in counties of Maryland, endorsed by medical and chirurgical faculty of Maryland, program for, 384
Medicine, social aspects of, 202, 384, 502, 606
Megacolon, congenital, treatment with mecholyl bromide, 484
Mellinkoff, Sherman, Roth, B., and MacLaggan, J., 338

Meningeal infection, congenital dermal sinus as source of, 79
Meningitis caused by type F hemophilus influenzae, report of case with recovery, 567
meningococcic, report of multiple cases occurring in same family, 576
pneumococcal, following streptococcal viridans meningitis, in same patient with recovery, 273
pneumococcus: diagnosis and management of severe infections in infants and children, 115
in infants, penicillin treatment of, 505
staphylococcus albus hemolyticus, in infant, 267
streptococcal viridans, followed by pneumococcal meningitis in same patient with recovery, 273
Meningoencephalitis, associated with rheumatic heart disease, 343
Milk, protein, production of acidosis in premature infants by, 43
Myositis ossificans progressiva, 348
Myxedema, congenital, bone growth in, 229

N

Negro race, chorea, in, 554
Neuhauser, Edward B. D., and Ferris, B. G., Jr., 589
Newborn, anemia of, 265
hemolytic disease of (erythroblastosis fetalis), 249
News, academy, 499
and notes, 87, 205, 298, 390, 499, 616
Nisenson, Aaron, and Patterson, G. H., 315

O

Obturator (acrylic) for newborn infant with cleft palate, 288
Oldham, Helen, Roberts, L. J., and Young, M., 418
Ophthalmia neonatorum, penicillin locally in eyes of newborn infants to prevent, 447

P

Palate, cleft, obturator (acrylic) for newborn infant with, 288
Parke, James G., 567
Parotitis, acute suppurative, in infants, treatment of, 589
Patch test, tuberculin, and Mantoux, comparative study and significance of, in children, 245
Patterson, George H., and Nisenson, A., 315
Patton, Edwin F., 532
Pediatrician, and war, 88, 205, 298, 392, 501, 617
proctological problems of, 532
Penicillin locally in eyes of newborn infants to prevent ophthalmia neonatorum, 447
therapy in ratbite fever, 442
of staphylococcus aureus hemolyticus infection in an allergic infant, 436
treatment of pneumococcal meningitis in infants, 505
unusual fulminating generalized staphylococcus infections treated with, 448
Peterman, M. G., 484
Phosphorus and calcium metabolism and clinical findings as influenced by certain feedings, study of, in rickets, 521
Physiology of newborn infant, 620 (B. Rev.)
Pilafian, Grace Jones, Kraft, R. M., and Trainham, G., 97
Pneumococcal meningitis following streptococcal viridans meningitis in same patient with recovery, 273
Pneumonin due to streptococcus viridans, 480
Poliomyelitis and recent tonsillectomy, 68
bulbar, tracheotomy in, 560
Practice, pediatric, growth charts for use in, 215
sedatives and stimulants in, 546
Pratt-Thomas, H. R., and Waring, J. I., 79
Problem of governmental-professional relationships, 291
Proctological problems of pediatrician, 532
Protein defect in formation of edema with hypoproteinemia, 241
Pseudohermaphroditism, adrenogenital, treated with stilbestrol, 323
Pyoderma, Kaposi's varicelliform eruption, etiology of, 207

R

Ratbite fever, penicillin therapy in, 442
Rauh, Louise W., Lyon, R. A., and Wolf, R. E., 516
Regime, self-demand, case history of twins breast fed on, 97
further records of, in infant feeding, 109
Reinhart, John B., and Venning, W. L., 480
Results of providing liberally adequate diet to children in institution, 393, 410, 418
Rheumatic fever, prevention of recurrences in, in children by use of sulfathiazole and sulfadiazine, 516
salicylate therapy in, in children, 59
Rhodes, Adrian W., Weisz, A., and Freud, P., 591
Rickets: study of calcium and phosphorus metabolism and of clinical findings as influenced by certain feedings, 521
Roberts, Dean, 384

Roberts, Lydia J., Blair, R., and Greider, M., 393, 410
—, Young, M., and Oldham, H., 418
Roentgenograms, serial, of os radius in diagnosis and regulation of therapy during infancy, use of, 229
Rogers, Edward S., 291
Roth, Bernard, Mellinkoff, S., and MacLaggan, J., 338
Rotondo, C. C., and Handelman, N. I., 576
Ryan, Kermit J., 348

S

Salicylate therapy in rheumatic fever in children, 59
Saliva, glucose, quantitative study of, 71
Schapiro, I. E., Walden, A., and Carman, G. A., 288
Schick, Béla, and Greenbaum, J. W., 241
Schneider, Wilmot F., 583
Sedatives and stimulants in pediatric practice, 546
Sennott, John S., and Diamond, J., 540
da Silva, Mauricio Martins, Stevenson, S. S., and Darrow, D. C., 43
Simpson, William F., Jr., Ceballos, A., and Frank, T. V., 281
Simsarian, Frances P., and McLendon, P. A., 109
Sinus, congenital dermal, as source of meningeal infection, 79
Skin defect, hereditary, in newborn infant, 591
Skull injury, arachnodactyly, unusual complication following, 583
Slavson, S. R., 620 (B. Rev.)
Smith, Clement A., 620 (B. Rev.)
Social aspects of medicine, 202, 384, 502, 606
Sodium sulfadiazine, subcutaneous administration of, 492
Spinal cord tumors in children: study of three cases of ependymoma, 315
Spock, Benjamin, 363
Staphylococcus albus hemolyticus meningitis in infant, 267
  aureus hemolyticus infection in allergic infant, penicillin therapy of, 436
  infectious, unusual fulminating generalized, treated with penicillin, 448
Status thymico-lymphaticus, 1
Stevens, Geraldine, Burchell, M., Aldrich, C. A., Sung, C., and Knop, C., 89
Stevenson, Stuart S., Darrow, D. C., and da Silva, M. M., 43
Stewart, Chester A., Gropper, E. M., and Lamanna, C., 595
Stilbestrol, adrenogenital pseudohermaphroditism treated with, 323
Stimulants, and sedatives, in pediatric practice, 546
Streptococcal viridans meningitis followed by pneumococcal meningitis in same patient with recovery, 273
Streptococcus viridans, pneumonia due to, 480
Sulfadiazine, and sulfathiazole, use of, prevention of rheumatic recurrences in children by, 516
  sodium, subcutaneous administration of, 492
Sulfonamide therapy, review of experience since introduction of; diagnosis and management of severe infections in infants and children; IV. pneumococcus meningitis, 115
Sung, Chieh, and Blattner, R. J., 579
—, Knop, C., Aldrich, C. A., 428
—, —, —, Stevens, G., and Burchell, M., 89

T

Taran, Leo M., Jacobs, M. H., and Krautman, B., 59
Therapy, group, introduction to, 620 (B. Rev.)
Thiamine, probable induced, and generalized vaccinia, deficiency in congenitally hypothyroid child, 595
Thymus, consideration of normal weight of, 1
Tonsillectomy, recent, and poliomyelitis, 68
Tracheotomy in bulbar poliomyelitis, 560
Trainham, Genevieve, Pilafian, G. J., and Kraft, R. M., 97
Treasurer, report of, American Academy of Pediatrics, 383
Tuberculin patch and Mantoux tests in children, comparative study and significance of, 245
Tuberculosis, cystic, of bone, in case of miliary tuberculosis, 579
  miliary, cystic tuberculosis of bone in case of, 579
Turner, J. Render, and Jordan, R. G., Jr., 572
Twins, breast fed on self-demand regime, case history of, 97

U

Urinary excretion and blood studies before and after dietary improvement, 418

V

Vaccinia, generalized, and probable induced thiamine deficiency in congenitally hypothyroid child, 595
Venning, W. L., and Reinhart, J. B., 480
Vinson, Porter P., 565
Vollmer, H., and Wegman, M. E., 334
Von Gierke's disease, glycogen storage disease, 299

W

Walden, Arthur, Carman, G. A., and Schapiro, I. E., 288
War and pediatrician, 88, 205, 298, 392, 501, 617
Waring, J. I., and Pratt-Thomas, H. R., 79
Waterhouse-Friderichsen syndrome, 281
Wegman, M. E., and Vollmer, H., 334
Weight and height, growth in, 410
Weisz, Albert, Freud, P., and Rhodes, A. W., 591
Wolf, Richard E., Rauh, L. W., and Lyon, R. A., 516
Wolff, Dorothy, Kendall, B. S., Hartmann, A. F., and Love, F. M., 115
Woolley, Paul V., Jr., and McCammon, R. W., 229

Y

Young, Marjorie, Oldham, H., and Roberts, L. J., 418
